

FIREARMS ARSENAL

Tapered Pin A-2 Sight Post Reamers

180 Series *Slide Finishing End Mill*

Designed specifically to machine Titanium, Inconel, and similar materials

380 Series *9 Flute Finishing End Mill*

Uneven number of flutes reduces harmonics to provide stable machining zones

334 Series *Magazine Well Rougher*

Chipbreaker design provides better part finish than a traditional knuckle rougher

Offering for all tools on back cover

Rail Profile Cutter

Chamber Reamers

Made to order from 22 LR to 50 BMG.
Piloted & Non-piloted options available

Slot Cutters

Used for cutting notches
and key ways

279 Series Ball Nose End Mill

For radius grooves and cylinder fluting

The Custom Tool Division currently manufactures a variety of custom firearm solid carbide cutting tools. All of our firearms tools are custom made for the manufacturer's application. All tools are designed from customer prints or basic concepts provided from SAAMI specifications.
